A ROAD MEETING ON TUESDAY

At a largely attended and enthusiastic meeting of Bradford Automobile club and road boosters generally, in the City Hall Bradford on Tuesday evening, steps were taken toward furthering two important road-building projects, namely, construction of a connecting link of highway from the end of Bennett Brook road to the New York State line, giving Bradford access to the Allegany State Park; and the resurfacing of Route 96 from the city line to the cement road beyond Corwin Center, leading to Smethport.

With regard to the first named project, a resolution was adopted, requesting the Bradford Board of Commerce to further the project of building about one mile of highway from the end of Bennett Brook road to connect with the Red House road at the New York State line, and pledging the automobile club's co-operation and support.

Local Advantages.

The preamble of the resolution sets forth the local advantages of making the Allegany park and the federal forest preserve accessible to Bradford. It was pointed out that the proposed mile of road would bring Bradford nearer to the state park than any other city, and would virtually make this city the "gateway to the park."

The club urged the Board of Commerce to take the lead in fostering this project as a civic undertaking and pledged cooperation, promising such financial aid as the means of the club would warrant.

As previously reported in the Press, the court of quarter sessions already has appointed viewers of the proposed highway who will report on June 1.

In connection with the second road project, the club authorized President Burns to appoint a chairman of a committee to raise funds for resurfacing Route 96 with a representative W. J. Healey was named general chairman of this committee with power to appoint his own colleagues.

State Will Furnish Material.

The State will furnish material for this work and will do the rolling. Accordingly, the club will need to raise money enough to meet the cost of labor. This is estimated at between $15,000 and $20,000.

At last evening's meeting confidence was expressed that property owners, who would be benefited by improvement of the road, and motorists, who would use it, could be depended upon voluntarily to contribute this sum.

About 100 motorists were present at the meeting, an attendance far in excess of the average for sessions of the club. Smethport citizens in attendance included Messrs. Penfield, Hungerford and Morrison, representing the Smethport Commercial club. Judge Joseph W. Bouton of Port Allegany was present as a guest of T. H. Burns.

In the course of the evening's discussion, mention was emphasized the advantages to all motorists of joining the automobile club and sharing its privileges and benefits.

BETULA'S PROSPECTS BRIGHT

SAGAR JAR CO. STARTS SHIPMENT OVERSEAS.

Demonstrating Order Sent and Big One Is to Follow.

The following article referred to the Sagar Jar Co., of Betula is taken from the Buffalo News, a McKean County enterprise, and which from the article following, seems destined to be a winner and a dividend producer.

The Sagar Jar Co., of Buffalo, Manufacturers of glass vacuum fruit jars for household and commercial canning, has shipped its first over-seas order a gross of vacuum jars which will be used for demonstrating purposes at the coming Royal fair in London next month.

The company has also received an order for 30,000 vacuum jars to be shipped to the Village Clubs Supply Co., Ltd., of London and these will go forward as soon as the jars can be manufactured.

Representatives of the British company have been here making a careful examination of the local company's jars and its hot and cold pack systems and the orders have been placed as a result of that examination.

Up to the present the company's products have been made for it by Betula, Pa., is rapidly nearing completion. All the buildings, including 40 houses for operatives, are ready for use the power plant, lighting and heating systems installed. The big glass melting tank is about two-thirds finished.

It is expected that the plant will be ready for operation in about 60 days and, when started, it will have an initial output of between 300 and 350 gross of finished cans per day.

THE EVERLASTING GYPSEY.

Probably no more conducive subject for profanity is known in the country than to have a nomadic band of Gypsys in camp on or near the premises of some thrifty church going farmer. He will declare, By Heck that nothing will be stolen from his barn house, but despite his best and most watchful efforts a few of his best chickens disappear, and, he is the victim of other depredations. These caravans usually travel by wagons, but this year a bunch was arrested in Bradford that traveled by autos, and consisted of six autoes and 30 persons, 20 of whom were kids. After being driven out of Bradford they reached here on Monday, but were quickly met by County Detective Allison and told to "keep moving." The order was promptly obeyed.

SOLD HIS LEASE

A large oil lease at Gilmore owned by the Monroe Hall estate has been bought by the Kendall Refining company. The lease includes 110 acres and 25 wells and also the residence of Mrs. Monroe Hall. The purchase price was $165,000. The heirs to the Hall estate are Mrs. Monroe Hall, Dr. E. H. Hall and Merle Hall.

BALL GAME

There will be a game of ball here at the park, on Tuesday, May 30 between the Independents of Warren and the local club. This promises to be a good game, and will be worth seeing.

NATURALIZATION COURT

On Monday Judge Bouton held Naturalization court. The attendance was large and seventy one applications were filed, but one applicant seemed to have been unavoidably detained and two of the remainder were refused, one because he made application for exemption from U. S. Service during the war. All others were granted and the voting population of the United States is now 68 more than it was last week.

CLOTHING CENTER AT LAFAYETTE OPENS WEDNESDAY.

After conducting two very successful centers at Bradford and Derrykille, Miss Josephine Cramer and Alice Zollman, of the Pennsylvania State College Extension Service will open a clothing center in the Lafayette Grange hall on Wednesday, May 24. There will be one session each day except Saturday, from one o'clock to five and the first day will be given over to demonstration and fittings and should make a special effort to be present the first day as the necessary directions for using the patterns will be explained in detail at this time and the demonstration will not be repeated.

Each woman should provide herself with two yards of unbleached muslin for pattern, scissors, needles, thread, pins, pencil, tape measure, and a box in which to keep her supplies.

The center is being conducted under the auspices of the Lafayette Grange, with Mrs. Sam Noles in charge.

COMMENCED WRONG.

Two children of Jamestown, Harry Bush, aged 15, and Ruby Davison aged 13, started out to lead the simple life. They erected a bungalow of pine boughs, and occupied it, when it was found that they had appropriated a pony belonging to a Justice of the Peace, which was where they went wrong. The man of the pine bough bungalow is now doing time in the state Industrial and the young lady is a guest at the County Detention Home.

POSTPONED.

The Spring track meet of McKean County, which was to have been held last Saturday, was post poned one week on account of the bad weather. It is generally supposed that this weather cannot always last, and it is hoped for fair weather next week.

Have your house estimated now. Don't delay. Cooper Baumann Elec Co., Grand Central adv1t.

JUDGE "TREATS 'EM ROUGH"

At a special hearing Tuesday morning in the city building at Bradford, Michael Thomas was arraigned before Judge Bouton charged with selling liquor. Thomas was arrested last December, but his case was continued at the February term of Court. As Judge Bouton was sitting in Juvenile court this morning, Thomas requested that he be given a special hearing at the same time.

The defendant pleaded guilty to the charge and the Judge fined him $1,000 and sentenced him to spend six months in the county jail. He was taken to the jail shortly before noon by County detective Allison. Nash & Melvin were attorneys for the defendant.

The juvenile case brought before Judge Bouton was that of Divitt Liberati, aged 15 years, who it will be remembered left town some time ago with her uncle by marriage. They were found in a small town near Scranton and brought back to Bradford.

ORNAMENTAL LIGHTING FOR RESIDENCES.

An effort is being made to secure ornamental lighting for residence streets. If this is secured each block will be arranged, two on one side of the streetand the third one directly between the other two on the other side of the street, and on the next block the arrangement will be exactly the opposite. The cost will be $160 to the block and divided especially between each family.

Now is the time to think about having that wiring done. Cooper-Baumann Electric Co. Grand Central. adv1t.

STOLEN COAT RETURNED.

The $800 sealskin coat which was stolen from the home of Mr. Arthur McGregor, of Congress st. last month, while she was in Pittsburgh, was mysteriously returned to the owner last week. When a maid opened the front door she saw a large parcel containing the coat lying on the veranda. It was unharmed.

Girl Sent to Albion.

The man of Hazel Patterson's choice met with disfavor with the girl's parents, and when Hazel, 17 years old, came from her home on the farm near Franklinville to marry him in Olean, Agent James McCready for the Society for the Prevention of Cruelty to Children, arrested her on the advice of the parents. She was charged with vagrancy. Judge Dennis Keating committed her to the Albion home when she was arraigned before him on Friday afternoon.

SERIOUS AUTO ACCIDENT.

Claire L. Erickson, 18 years old, of E. State Street, Olean, suffered fractures of both legs and his motorcycle was wrecked in avoiding a collision with an automobile on Friday.

Erickson was riding behind an automobile driven by John Flaim, a chauffer, and when Flaim turned from State into Clinton streets Erickson swung his machine to one side. The wheels were caught between the pavement and street car tracks, and the rider was thrown and the motorcycle badly damaged.

Flaim took Erickson to the Mountain clinic.

ATTEMPTED HOLDUP ON CONGRESS ST.

Bradford, Mar 20.—Congress st. was the scene last evening at 9.30 o'clock of one of the boldest attempts at holdup that Bradford has known in some time. A lady was coming down Congress street with her purse in her hand. A bandit attempted to get the bag, but was unsuccessful and when the woman called out he ran and made his escape. The entire affair is especially surprising for the reason that the bandit seemed not afraid of passing pedestrains but boldly tried to rob he woman with people about.

A practical nurse who is assisting in caring for Mrs. S. E Price at No. 44 Congress street, which is not far from the corner of Congress and East Corydon street, was about to enter the Price house when the attempted robbery was committed. The nurse first saw the man in front of Boyle's store while she was coming down Congress street. She went to pass the large tree which stands in the very center of the sidewalk when she saw a man crouching against the tree, on the side next to the street. She passed him and noticed that he had both hands covering the lower part of his face and his cap pulled down over the upper part. She hastened on and later looked back and saw the same man standing out in the road.

As she neared to enter the home of Mrs. Price the bandit who had quietly and stealthily come up with her reached her side and made one lunge, grabbing her bag which flung from her hand. The owner however held onto the bag tight and screamed "Police! police." She was signted in run and in turning away one of his finger nails scratched the womans face. She chased after him calling for help, but no one came to her assistance, although she stated today a couple stood across the street and watched the entire proceeding.

The police watched to see which direction the would be robber went and saw him turn up East Corydon street towards South avenue. She described the bandit as being rather young in appearance and of middle height and slight. He was bent over at the time as was trying to get her purse, doing this, she believes, so that she could not see him well.

The tree in the center of the sidewalk has been a bugaboo to many women for a long time, for they have always feared some one would step out from behind it some night and hold them up. There are some who would not pass the tree at night for worlds, but take the other side of the street always. The nurse last night was very much startled when in passing she saw the man crouched against it, but was more than startled when he suddenly appeared upon the scene the second time and brutally laid hold of the purse.—Sar

MOST MILES per DOLLAR
Firestone
CORD TIRES

The tire section above at the left shows the condition of a Firestone 32x4½ Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, gruelling test. The carcass is intact after more than 11,000,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In thousands of instances, they have given from 15,000 to 30,000 miles.

Look at the tread—scientifically angled against skid, massive and heavy in the center where the wear comes, tapered at the edges to make steering easy and to protect the carcass against destructive hinging action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful tire buyers for these values. The local Firestone dealer will continue to provide the personal service that makes Firestone tire comfort and economy complete.

AN APOLOGY.

We presume that many people of this section who are weekly readers of the Miner expect us to us to make a boy scout this time. We do so but in assuming charge of the Miner make no promises of reforms or improvements but will be satisfied if we can succeed in holding the paper up to the high standard of excellence.

To do even this we will require the assistance of all of you. If you have any item of news send or bring it to the office and tell us your name and we will soon become acquainted. Should you have anything in the line of job printing get the copy in here at your earliest convenience and we will see that you get it at the earliest possible date.

R. M. Swisher,
Editor Miner.

GIFFORD PINCHOT.

This week we announce that Gifford Pinchot was nominated for Governor by a plurality of about 17,000 votes.

While the Miner supported the candidacy of Mr. Alter, yet we realized that the contest was between two Republicans, both worthy, and the former won, and we, as good Republicans should do, acquiesce in the will of the majority.

Personally the editor of the Miner is acquainted with both candidates and believes that Mr. Pinchot is a safe sane, patriotic citizen, and that there is no doubt that he will administer the affairs of the state in an economical manner, and that he will insist upon a system of book keeping in the state treasury that will enable the treasurer to give the balance of funds on hand without calling in accountants.

The primary contest while a very warm one was charicterized by the very little offensive matter being used, and the nomination was made upon certain issues, and no sore egos were left, and as a consequence we now witness Republicans all falling into line behind the successful candidate, and there is practically, no doubt but that his majority will at least equal that of his predecessor, and may much exceed it.

A great many Republicans in this section preferred John S. Fisher of Indiana for Governor, but events willed otherwise, at this time, yet we all wish for and expect to have the opportunity to vote for him in 1926.

We wish and hope that every Republican in this section will vote for Gifford Pinchot this time, as that paves the way for another victory in the election of Mr. Fisher four years hence.

By the way, has any one yet managed to discern any suggestion of the "economic" in the Genoa conference? Isn't it by all odds the most acrimonious and venomous display of political differences ever displayed in the European cess pool of politics where all the players are pastmasters in the "couple art of chicanery and skullduggery."

The California town marshal who picked off a couple of masked raiders set a mighty good example for peace officers everywhere. If members of mobs felt that some dancer accompanied their performance, fewer might venture on such enterprises.

The state highway department announces the new detours for McKean county, which were inaugurated during the past week: Route No. 97, Custer City and Lafayette; Route No. 246, Mt. Jewett and Smethport; Route No. 210, Eldred and New York state line.

CARD OF THANKS.

We desire to extend our sincere thanks to those parties who so cheerfully extended their kind service during the illness and at the death of our beloved father and to any and all who contributed in any way to aid us on this sorrowful occasion. Mrs. Bert Metzgar.

Now is the time to buy tires. Cooper Bauman Electric Co. Grand Central. adv.1t.

INCOME TAX AUDITORS STILL NEEDED.

Washington, D. C., May 24, 1922 The United States Civil Service Commission states that although a number of examination have been held, there is still need for eligibles to fill positions of auditor and inspector under the income tax unit of the Bureau of Internal Revenue, for duty in Washington, D. C. and in the field.

Another examination for these positions will be held on June 14 throughout the United States. Entrance salaries range from $1,800 to $2,000 a year.

Besides qualifying in accounting experience and practical tests, applicants must pass oral examination to determine their personal fitness for the work.

Full information and application blanks may be obtained by communicating with the United States Civil Service Commission, Washington, D. C., or with the secretary of the Civil Service Board at the post office or custom house in any city.

The failure of a German banking house in Havana is overshadowed by interest in an item in the bank papers noting more than a million dollars "spent in Washington" to recover alien property.

NOTICE OF HEARING.

NOTICE IS HEREBY GIVEN that application has been made to the Public Service Commission of the Commonwealth of Pennsylvania under the provisions of the Public Service Company law by the Keystone Power Corporation and The Borough of Smethport for a certificate of public convenience evidencing the Commission's requisite approval of contract between the Keystone Power Corporation and the Borough of Smethport, dated April 6, 1922, providing for the sale to said Borough of electricity for light, heat and power.

A public hearing upon this application will be held in the Rooms of the Commission at Harisburg on the 25th day of May, 1922, at 9:30 o'clock, A. M. when and where all persons in interest may appear and be heard if they so desire.

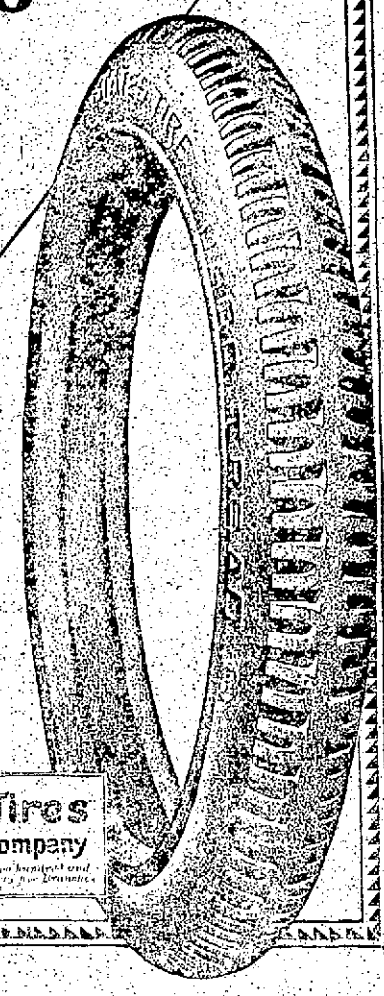
To the Purchasers of a 30 x 3½ Usco for $10.90



WHEN the "Usco" Tire announced its new price of $10.90 it carried this understood contract with the buyer—

A price reduction made in good faith—using all the U. S. advanced art of tire making not only to get the price down, but to keep the *quality up*.

* * *

Today $10.90 is not the uncommon price it was last November.

But the "Usco" Tire is still the *uncommon tire value* it always has been.

Because in carrying out the "Usco" price reduction in good faith, we learned something about *raising the quality, too.*

ATLAS
PORTLAND CEMENT

PERMANENCE means ECONOMY. Permanent fencing protects both stock and crops, and reduces labor. Permanent feeding floors save food and save stock health. Farming, like any other industry, shows greatest profits from proper equipment.

Your local building material dealer deserves much of the credit for modern farm construction. His capital, tied up in comparatively slow moving building materials, has kept on hand the means of community improvement.

With such an investment on his part he naturally has selected such materials as he could safely depend on. For concrete construction, whether fence posts, feeding floors or silos, he is apt to recommend Atlas Portland Cement, "the Standard by which all other makes are measured."

PURPOSE

This bank has one unalterable purpose—and that purpose, we hope, is your purpose—to help this community realize its maximum prosperity in such a way that all may share it.

A bank like a great power house. When it throws in the clutch, gets the community point of view, and goes out to accomplish things it becomes a great generator of public good. Thousands of people have caught the spirit of this bank, have discovered that it is a public-spirited institution with a public service program. They have come in with their deposits so that we could work together. If you aren't one of them, of course, you will be sometime. That's why this is directed to you—we want your co-operation.

To The Business Man
On The Farm

We invite your patronage on the same basis as does the merchant—we have something to offer which we believe has more value than you can secure elsewhere.

The increasing number of farmers who use this bank is proof that we are rendering a valuable service that helps them to solve their farming problems.

You'll be cordially welcomed here.

SHOE SENSE

GOOD SHOES are the cheapest in the long run, as they outwear poor shoes three pairs to one. We have handled shoes a good many years and know how to give our customers quality, style and comfort. Shoes here for the whole family and WE DO REPAIRING.

Anderson & Carlson THE SHOE MAN

EDMONDS
FOOT-FITTERS

Edmond's Foot-Fitters are Specially designed to fit snug in the instep and heel, and easy across the toe and ball of the foot.

No pinching, that is why they hold the foot in correct and easy position just like a Doctors bandage.

The Higher and Narrower arch keeps the foot from sliding in the shoe.

The Narrow shapely heel seat and counter follow the natural curvature of the foot, thereby holding it in position.

The steel arch braces the instep.

ADD $180,000,000 TO BELL SYSTEM PLANT IN YEAR

Additions to Plant in 1321 Exceeded Total Value Twenty Years Ago

The Bell Telephone System during the year 1921 added new telephone plant and equipment costing more than $180,000,000 to its existing facilities. The cost of this added plant was greater than the total cost of all Bell telephone plant in service prior to 1901.

Enormous quantities of raw materials and fabricated goods are consumed annually by the Bell System. For instance, approximately 70,000 tons of copper are used, or enough copper to form a wire one-half inch in diameter long enough to girdle the earth nine times at the equator. About 2,500,000 board feet of lumber are used, or enough lumber to construct a board walk six feet wide from Boston to Philadelphia.

Approximately 9,000 tons of steel for miscellaneous objects are used in addition to 15,000 tons of galvanized iron and steel wire. Fifty thousand tons of lead are required, nearly all of which is used in the manufacture of telephone cable. Five hundred tons of antimony and 350 tons of tin must be imported from China, Japan and the Straits Settlements. Five thousand tons of brass rod and sheet are used annually in the manufacture of the telephone apparatus.

Nearly 20,000 tons of different grades of paper are needed for use in the construction of cables, condensers, and the printing of telephone directories. These items are only part of the products which enter into the intricate mechanism of the telephone system.
